

## Pupil Premium Strategy Statement

This statement details our school's use of pupil premium (and recovery premium for the 2023 to 2024 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

### School overview

Detail	Data
School name	Redscope Primary School
Number of pupils in school	431 including REY and FS1 351 FS2 upwards
Proportion (%) of pupil premium eligible pupils	48% of children of statutory school age.
Academic year/years that our current pupil premium strategy plan covers ( <b>3 year plans are recommended</b> )	3
Date this statement was published	December 2024 (Updated for year 3 of the plan)
Date on which it will be reviewed	July 2025
Statement authorised by	Alison Bradbury (Head teacher)
Pupil premium lead	Alison Bradbury
Governor / Trustee lead	Mike Firth

### Funding overview and spending 22-23

Detail	Amount
Pupil premium funding allocation this academic year	£234,255 Post LAC £10,120 Service £310
Recovery premium funding allocation this academic year	NTP £23,976

## Redscope Primary School

Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
<b>Total budget for this academic year</b> If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	£268,661

## Part A: Pupil premium strategy plan

### Statement of intent

Our ultimate aim is for our disadvantaged pupils to achieve both academically and socially in line with the National standard for all pupils. At Redscope Primary School, we have a large proportion of disadvantaged pupils. Although FSM is one indicator, our knowledge of the community is that a large group of families who are struggling miss out on the funding as they are in lower income jobs. The funding is used holistically to 'narrow the gap' between all pupils including children eligible for FSM. While the number of pupils receiving free school meals determines the funding for a specific school, this should be regarded as a 'proxy indicator', as schools are required to narrow any attainment gap by addressing the under-achievement of any cohort or group of pupils. Pupil Premium funding for Redscope Primary School will be used to address the under-achievement of any disadvantaged pupil, not just those who attract specific funding.

#### Principles

We want to support our children by removing barriers that have in the past had a major effect on their learning.

- We will ensure that teaching and learning opportunities meet the needs of all pupils.
- We will ensure that appropriate provision is made for all pupils who belong to vulnerable groups.
- We will recognise that not all pupils who are socially disadvantaged are registered for free school meals and therefore reserve the right to use pupil premium funding to support any pupil or groups of pupils who we have legitimately identified as being socially disadvantaged.

#### Aims

All our strategies administered through our pupil premium funding has the child at the centre of the approach.

We plan to accelerate each pupil's progress in order to ensure that pupil premium children are performing on a par with their peers.

Ultimately, this will result in the school narrowing the attainment gap when comparing cohorts to local and nationally expected figures.

### Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

## Redscope Primary School

Challenge number	Detail of challenge
1	Lack of exposure to wide range of life experiences, trips, visits, visitors. This may have been exacerbated as a result of the pandemic.
2	Attainment gap on entry and exit particularly around social and emotional aspects of learning and communication and language. Attainment gap in core subjects.
3	Speech and language
4	Parent engagement/ support for child (some not able to support learning for their child)
5	Children (and families) experiencing significant SEMH needs. Growing number of vulnerable pupils which has increased following the pandemic.

## Current Position

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Children are exposed to a wide range of experiences (including imagined worlds) outside Kimberworth Park.	All visits/ visitors operate at reduced cost. All children take part in visits/ visitors. All children read the 15-19 books within the reading spine of their year group. Children take part in a broad range of after school clubs and culture/ arts-based encounters
Children achieve in line with national peers.	Children at Y6, Y2, FS2 achieve in line with National figures in R,W,M.
On entry attainment gaps have been closed.	Tracking shows that children have made accelerated progress across the three year cycle of the Pupil Premium Strategy Plan.
Pupils are able to speak clearly and communicate their feelings and ideas.	100% of children closed down from Speech and Language programmes following successful completion.

## Redscope Primary School

Parents are more aware of how to support children with their learning.	Interactions between school and home are positive and productive. Parents aware of what they can do to support their children and the weekly expectations.
Children are more able to understand their feelings and cope with big feelings in a productive way.	Reduction in the number of recorded CPOMs about children's mental health and wellbeing. Children on individual plans make progress. Entry and exit profiles for FLO indicate that progress has been made and sustained.

## Activity in the academic year 2024-25

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

## Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £84,630

Activity	Evidence that supports this approach	Challenge number(s) addressed
Embedding and improving of new Systematic, Synthetic Phonics Programme, including acquisition of programme and resources, delivery of whole-school training, extra TA/ Teacher time to deliver the programme to pupils and communication with parents	<p>The DfE Reading Framework (July 2021) (<a href="https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1000986/Reading_framework_Teaching_the_foundations_of_literacy_-_July-2021.pdf">https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1000986/Reading_framework_Teaching_the_foundations_of_literacy_-_July-2021.pdf</a>) states that <i>"There is convincing evidence of the value of systematic synthetic phonics"</i>.</p> <p>The Education Endowment Foundation's Teaching and Learning Toolkit (<a href="https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit">https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit</a>) describes investment in phonics teaching as <i>"high impact for very</i></p>	2, 4

## Redscope Primary School

<p>Parents offered opportunity to attend sessions to share children's learning and participate in family workshop</p> <p>Parents offered opportunity to be part of workshops in cafes for all initiative to support their child's learning.</p>	<p><a href="https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/parental-engagement">https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/parental-engagement</a></p> <p><i>The average impact of the Parental engagement approaches is about an additional four months' progress over the course of a year. There are also higher impacts for pupils with low prior attainment.</i></p> <p>'Free' items (e.g. laminated resources, books etc) for parents to take to support their child</p>	<p>4</p>
<p>Range of after school clubs expanded for 2022-23</p>	<p>Range of after school clubs offered at subsidised cost for all children (plus £30 of vouchers given to all PP children to spend within school on after school provision).</p> <p>RUFC Nova City Art Football (boys and girls) Lego 3D Printing</p> <p>£9000 contribution, staff time, Subsidy for children learning an instrument through the music service. Additional costs for staffing and top up subsidy for the clubs.</p>	<p>1</p>

**Total budgeted cost: ...£268,661.....**

## Part B: Review of outcomes in the previous academic year

### Outcomes for disadvantaged pupils

Intended outcome from 23-24 year three of plan	Success criteria	Progress towards objective 2023-24
On entry attainment gaps have been closed.	Tracking shows that children have made accelerated progress across the three year cycle of the Pupil Premium Strategy Plan.	On entry gaps are closed in many areas; however, children entering school are COVID babies so significant difficulties with toileting, socialisation, readiness to learn.
Children have access to quality texts, can read well and comprehend the text. Children develop an enthusiasm and love of reading.	Children show an increased enthusiasm for books and reading. KS2 test data shows above average scores for reading Internal data indicates that pupils' reading ages has improved.	High numbers of children (all classes about 91% weekly) reading 3 times a week at home/ school break times.  Reading continues to be a strength of the school.
Speech and language issues are rectified so children can participate fully in school life.	Majority of pupils Speech and language is appropriate for the age and stage of the pupils. Pupils are discharged from SALT due to progress made.	Increasing numbers of pupils discharged; however, increasing number of difficulties on entry mean this is still needed.
Emotional Health does not disproportionately present a barrier to learning for disadvantaged children, when compared with non-disadvantaged children.	Families access relevant interventions and support and attainment outcome/ progress is positive for the children. Attendance for these pupils increases. During Pupil Progress Meetings, issues around emotional health are not disproportionately identified	EHWB issues affecting learning and identified much less. (Average 21% of time in PP meetings)

# Redscope Primary School

	as a barrier to learning for disadvantaged pupils.	
Pupils gain experiences and knowledge about the wider world.	100% of pupils access school visits and experiences and can use the knowledge gained across the curriculum.	Open to everyone at subsidised cost. Parental request to increase the number of trips per year for 24-25.

## Externally provided programmes

Please include the names of any non-DfE programmes that you used your pupil premium (or recovery premium) to fund in the previous academic year.
