

Redscope Primary School

Year 3 Summer 2 Home Learning

Expected Learning

Reading	We expect that the children read a minimum of three times a week to an adult or older sibling. Please record this in their planner. Children achieve 5 house points for reading three times in a week. We encourage the children to take part and contribute towards 100% of the class reading at home or in their own time in order to receive a special class reward.
Spelling	All children have spellings to learn each week. These are recorded in their planner. Please make sure that your child practices. 5 minutes, three times a week will make a huge difference. They are given on a Friday and tested on the following week. You will be able to track their progress in the reading diary. Spelling frame is updated regularly so that your child has an exciting platform to practise their spellings on.
Mathematics	Children need to practice their number facts regularly. Little and often is the key to getting these embedded. In Year 3, we expect the children to practice their times tables three times a week for 15 minutes. TT Rockstars is an excellent platform to do this on. Look out for battles and rock slams that are set by the class teacher.

Additional Curriculum Task

Please choose at least one item from the menu below and bring the home learning into school by the end of term. This task can be done with adults. Children can choose more than one if they wish. The more creative the better!

1. Learn about your favourite coastal town. Could you write a leaflet to promote it?
2. Create your own seascape painting. Paint a picture of tourists enjoying the seaside. Be as creative as you like.
3. Design your own beach hut. What would you have inside?
4. Invent your own PE game and write a set of instructions to go with it. Take a picture and tweet about it to tell your friends.
5. Learn more about the Christian faith. Draw a picture of a church and label some of the things you might find inside.
6. Research and design your own healthy meal.
7. Create a poster about healthy eating.

You can send examples of your home learning in on Class
Dojo!
We would love to see what you can do.
