

Redscope Primary School

Autumn 1 Home Learning

Expected Learning

Reading	We expect that the children read a minimum of three times a week. Because the Y6s are older, they can read independently or to an adult /sibling and may keep their own logs in their planners; however adults should still sign their planners to confirm that they have read. Children should not be signing their own planners. Children achieve 5 house points for reading three times in a week. For six or more reads, they will get 10 house points.
Spelling	All children have spellings to learn each week that follow a particular spelling rule. This rule is taught and practised in class before spellings are sent home. Please make sure that your child practices them so they become familiar words that can be used accurately in their writing. 5 minutes, three times a week will make a huge difference. They are given on a Tuesday and tested on the following Tuesday. We also have Spelling Frame (an online resource) to practise spellings each week. Please encourage your child to logon regularly to learn their spellings in a fun, interactive way.
Mathematics	Children will be given one piece of arithmetic homework each week, handed out on a Friday. The homework will be due in the following Thursday. Children need to practice their times table facts regularly. Little and often is the key to getting these embedded and if children become fluent in knowing their table facts, this will help in all other areas of mathematics. In Year 6, we expect the children to log onto TTRockstars at least three times a week for 15 minutes.

Linked to our World War Two topic, we are encouraging the children to complete a task of their interest. This could be one of the following:

A fact poster

A pencil sketch of a WW2 artefact

A WW2 story

Creating a rationing recipe

A PowerPoint presentation about an area of your choice

Interviewing a WW2 expert (that you know) and presenting the information in a way of your choice.

...or something of their choice! Use your imagination!
