

Redscope Early Years

Spring 1 – Home Learning

Arctic Adventures!

Ongoing ideas to do at home:

Clap out the syllables in words or your family names. Ban-an-a = 1,2, 3 claps Car = 1 clap	Give your child an opportunity to talk and listen e.g. at meal times, discussing your day. Encourage them to wait for someone else to stop talking before they start. Rather than asking questions, make a statement "I wonder if you have been playing outside today."
Count in everyday contexts sometimes skipping numbers - '1-2-3-5.'	Count while walking along the street, "how many steps?" Take turns in counting.
Pass things from one hand to the other. Let go of things and hand them to another person, or drop them.	Involve your child when cooking or getting ready "Can you pass me the spoon please?" "How many forks do we need for the table?"
Move and dance to music.	Roll or kick a ball to each other. Can your child catch a ball with 2 hands?

Things to try at home:

- As our topic is Arctic Adventures and we are learning about colder weather and places, can you make your own ice? Perhaps one of your small toys may have got stuck in the ice?
- Can you make a cosy den in your home and read your favourite book in cosy space?
- Can you create a face or pattern using items in your house? Spoon, plate, spoon, plate
- Can you recognise Logos in your house or out on a walk?

We would love to see some photos of you trying some of our home learning. You could upload some photos onto Dojo. We will then be able to discuss this together at REY. Dojo points will also be given for those who take part.
